GENERAL AND COMPLETE DISARMAMENT

Egypt: draft resolution

Transparency in armaments

The General Assembly,

Recalling its earlier resolutions on transparency in armaments,

Continuing to hold the view that an enhanced level of transparency in all types of armaments contributes greatly to confidence-building and security among States,

Taking duly into account the relationship between transparency and the security needs of all States at the regional and international levels,

Recognizing that, notwithstanding the fact that the United Nations Register of Conventional Arms[1] in its current form deals with seven categories of conventional weapons, the principle of transparency should also apply to weapons of mass destruction and to transfers of high technology with military applications,

Convinced that an enhanced level of transparency in weapons of mass destruction and transfers of high technology with military applications could serve as a catalyst towards general and complete disarmament,

Stressing the need to achieve universality of the Treaty on the Non-Proliferation of Nuclear Weapons, the Chemical Weapons Convention and the Biological Weapons Convention as well as other instruments related to transfers

of high technology with military applications, with a view to realizing the goal of the total elimination of all weapons of mass destruction,

1. Takes note of the reports of the Secretary-General on transparency in armaments;[2]

2. Reaffirms its conviction of the interrelationship between transparency in the field of conventional weapons and transparency in the fields of weapons of mass destruction and transfers of high technology with military applications;

3. Requests the Secretary-General to seek the views of Member States on ways and means of enhancing transparency in the fields of weapons of mass destruction and transfers of high technology with military applications with a view to enhancing transparency in the field of conventional weapons and to include in his report to the General Assembly at its fifty-third session a special section on the implementation of the present resolution;

4. Decides to include in the provisional agenda of its fifty-third session the item entitled "Transparency in armaments".
